## QUOTES - FRIDAY

### Dave Juehring, Davenport West--winner of High School Shot Put with throw of 61-4

I've worked with my physics teacher and try to apply body mechanics to my throw. I try to utilize everything I have.

I like the shot best, but do better in the discus. I guess physically I'm a little better at the discus. I have a goal (for the shot put) but nobody knows because I won't tell. It's in my head and will stay there. It's a personal goal and I like to be left alone until I can grab it.

I try to improve myself by analyzing films and forms of other throwers. There are a few things I do that other coaches don't like, but I consider my style more efficient for myself.

### Kevin Welu, Dubuque Wahlert--winner of High School Pole Vault at 15-0--new Drake record

It was only my second day back since I was injured, but I had confidence. I've been hearing about Preston (Schmidt of Bettendorf) all season, but I was out to get him.

This was the first chance I had to show myself to everyone in the state. Wednesday was the first time I vaulted in two weeks and this was only my third meet this year...the first time outdoors.

I think the pressure was on him (Schmidt) at 14-6. I already had the make behind me. When I jumped 15-0, it didn't feel like my best vault of the day, but I guess it was.

14-4 was the best I've ever done before this...in a meet last year. I didn't have that good of an indoor season, so I had the feeling things were going to click today.

### Edward Stuart, Mankato State--winner of the University&College Men's Long Jump with a distance of 7.94 meters (26-0½ feet)

I'd take that second jump any day. But I scratched, so I'll have to settle for what I have.

I didn't really hurt my knee when I landed (on the last jump). I just had a knot in it. But it loosened up and I'm all right now.

### Maggie Woods--winner of Women's High Jump with less misses at 5-11

Two meets ago I jumped 5-10, but the last meet I only jumped 5-6. So it was a question of can I do it today? Winning this has been really good for my confidence. But I still can't believe it! Maybe coming off a bad meet helps.

I was out for a year last year because of an injury--your typical athlete story. So now I'm rusty, but I was really pleased with my performance in today's meet.

Jay Williams, Waterloo East--winner of High School 400-Meter Low Hurdles in 53.69

The guy in the sixth lane gave me a real tough time...but I think it helped in the end.

The hurdles is a tough race to run. You have to know how to pace yourself and know when to explode. I didn't even notice the wind until I reached the backstretch. Then it seemed really strong.

My goal for this year is to beat the state meet record in the hurdles.

Debbie Esser, Texas A & M Track Club--set record in Women's 400-Meter Intermediate Hurdles with time of 58.59

This is my third outdoor meet and the problem is mainly the endurance factor. I used to run a couple of races in a meet, now one race and I'm tired.

Taking two years off, I found I have a lot of weaknesses that keep reappearing, nothing serious, just tiring.

Illinois Track Team--winners of 4x1600-Meter Relay in 16:15.95

Tom Stevens (co-captain, third leg)--I thought my day was great. I don't mean to brag or anything, but I thought we ran a great race.

Jon Schmidt (anchor leg)--I have some real good guys running ahead of me. None of us had a Drake title and this is my last shot at it. But we all wanted it.

I had some stomach trouble earlier in the week and didn't even practice Wednesday. I wasn't sure if I'd make it.

Greg Reynolds (second leg, former Ames High runner)--I was really glad I got a lead on Sisson (Mark of Wisconsin). He's the one who beat me in the Big 10.

Alvin Myles--winner of the High School Boys 100-Meter Dash in 11.30

Rich (Rumley--DM Roosevelt, placed 3rd) pushes me during practice quite a bit. I was glad he was in the race.

I can run a faster time. 10.68 is my best time so far, but the 100 isn't really my race. The 400 is my race and my best time in that is 48.4.

QUOTES - SATURDAY

Pam Sedwick, Michigan State, 3rd leg of winning 4x800 Women's Invitational Relay, 8:47.2

This is the best we've run all year. It's hard running out there all by yourself--very hard. Usually you've got someone to pace yourself by but today I was out there all by myself. The wind made it very hard. Our team has gone out too fast sometimes--but today I guess it was right. (Sedwick's leg was 2:14.9)

Billy Richard, winner of University-College Men's 110 Meter High Hurdles, 13.94

I guess because I'm a tall hurdler I get off to a bad start. I try to compensate over the last six hurdles. It's great to finally get here and win. This is my first time here. I've heard my teammates talk about the relays but it seems like everytime I was hurt.

Calvin Smith, winner University-College 100-Meter Dash, 10.52, Alabama

It seems like it always comes down to me and my teammate (Emmit King). I was happy with the start. When I was jogging back to my blocks for the start I felt the wind at my back and now I'd really have to drive. I've always heard about the relays and it's a great feeling to have won here.

Easter Gabriel, Prairie View, winner of Women's Invitational 800-Meter Medley Relay in 1:40.51, ran anchor 400 in 53.5

I didn't have to worry because Nebraska didn't qualify for the finals. We weren't really pushed. It was a little windy. I'm pleased with our time but our team can run better. We ran a 1:38 at the Texas Relays. We ran with an alternate. Shelia Labome usually runs the first leg but she's injured so Lynn Gamble took her place today.

Marlene Ottey, Nebraska, winner of Women's Invitational 400-Meter Dash in :52.64 - a new Drake record

This is only the second time I've run this race. I ran it because I haven't trained since last Tuesday. I ran a 52.49 two years ago.

I went to Nebraska because it was the first offer I got. I started running track my final year in high school. We didn't have a coach before that.

I run the 100, 200 and now the 400. I like the 200 best, it's my race.

Mike Lehman, Illinois, winner of University-College Shot Put with toss of 67-7

Akins (of Ohio State) and I have a friendly rivalry. He's a good guy...a good competitor.

I'm just about where I want to be right now. It's not the best I can do, but that should come at the end of the season.

I do all right...all of the throws were right in the area, I was pretty consistent.

QUOTES - SATURDAY

Wallace Gardner, anchor of Lincoln's winning College Sprint Medley in 3:24.43

It feels like winning the Olympics. I really wanted the watch. Coming into the homestretch the wind was bad. The way to beat them (Hamline-2nd place) was to keep on applying pressure. I just kept going on little bursts of speed. Next year we'll have everyone back except Lyndon Byrd, and we've got a couple guys who can take his place.

Terry Jones, Rice, opened on the winning University Sprint Medley 3:17.07

We're not used to this dry weather. It's usually very humid down in Houston. The dry heat seems to cause my chest to hurt...We were out to get this one because we got disqualified on the 4x100 earlier. This is the first time this spring that we've run with our regular group on this race.

Lee Ann Vanlandingham -- Louisiana State -- WINNER Women's Invit. 800-Meter Run (2:03.95)

I just got into this race last night. Someone scratched and my coach was able to get me in. I had a 2:03.54 at the Baylor Invit. last weekend. That's my best time. I'm just a freshman. . .I was running scared. I had no idea where the second girl was. The weakest part of my race is the third 220. I still need to work on that. I did have a good kick today. I'm anxious to pick up my watch.

Dan Waters -- Albia -- WINNER High School Boy's 1600-Meter Run in 4:22.43

I tried to go out early and I guess it worked. This is my personal best by one second. I could have run the 3200 but I wasn't sure that I'd be ready to run this race. I figured my biggest competition would be Jeff VandenBerg.

David Volz -- Indiana -- WINNER of the Pole Vault with new Relays mark of 18-2½

I had a hard time getting my run and plant together. When the run was right, the plant was wrong. When the plant was there, the run was off. That last one, everything just worked.

I wouldn't have minded going one more height. I would have liked to try for 18-5. But, I have to go catch a plane (he's competing in the Mount San Antonio Relays in California on Sunday), and I need to save some energy for tomorrow.

Doug Lytle -- Kansas State -- placed second in the Pole Vault with mark of 18-0½

When I went down the runway I knew that I had a good chance at it (18-2½). But, I rushed it. I need to relax and until I can do that I'll probably stay at this level for awhile. The confidence was there, I just went too fast.

There's a lot of competition between a group of us. I need to keep an open mind when I'm up against them (Dial, Volz, DuPlantis). We all take turns winning. But days change. A bad for someone can be a good day for another.

Unfortunately we both (he and Volz) had pretty good days and he came out on top.

Every vaulter here today has the potential to go 18 feet. It's just a question of who had a good day.

This is a beautiful meet. It's fantastic and the crowd's superb.

## QUOTES - SATURDAY

### Bill Kerkaert, Sheldon, winner of High School Boys 3,200-Meter Run 9:25.90

I'd rather have someone else push the pace. If there is no one to do it I'll do it--push the pace. The longer the race the better. I'll decide this week (where I'm going to college). I'll run the 5,000 the 10,000 in college. (He has narrowed choices to Iowa State, South Dakota, UNI and Nebraska).

### Chris Walker, Davenport Central, winner of High School Long Jump with 22-3 jump

Eric (Green, Senior teammate) and I complete quite a bit together. I won the conference indoor, then he won a meet, then I won, then he won--now I've won this. I guess we switch off.

I hurt my leg last year and only competed in a couple of meets. My last real competition was in the eight grade. I jumped 19-6 then...that was my longest until now.

This (22-3) is the longest I've ever jumped and I'd like to reach 23-4 by the State meet.

### Mike Keane, Southern Illinois, winner of Men's Invitational 10,000 Run

I like to sit back and wait before making my move. I've been running the 10,000 for two years now. The wind wasn't a factor for me because I ran behind somebody almost the whole time. The crowd really helped--the last two laps they were yelling 'come on come on'. The pace was about right. It really hasn't sunk in yet (being a Drake Champ).

### Francie Larrieu Smith, winner of Women's Invitational 5,000-Meter run in the time of 16:04.41

This is only the second time I've run this race (5,000m). In my head it was very difficult to run. I was sort of alone for most of the race and it was hard to keep my concentration.

It was a learning race. The first time I ran I had the pack to carry me through. This time I was on my own.

I remember a long time ago when I first came to Drake, wondering how people could run that far that early in the morning. Now I have a new appreciation for people who run this kind of race.

I'm running as fast as I ever have in short distances. But I think even 3,000 meters may be too short a distance. But I'm not quite ready to make the commitment to a marathon!

I've been running since I was 13...a lot of years. I can't imagine life without running. I love the sport. What's important to me is not necessarily the winning, but performing my best.

David Puvogel -- Wichita State -- WINNER of High Jump with Drake mark of 7-4½

I felt pretty good about today. I was due. . .I've had two down weeks.

Ben (Lucer of Missouri) and I are good friends. We're both about the same. Sometimes one of us has a down day and that decides a lot. I like to see him do well.

The winds didn't really bother me. Tails can hurt, but it's mostly up to the individual. It's in your head, but it can push you into the bar because you're going that way anyway.

Lori Risenhower -- Adams State -- WINNER of Women's Long Jump with jump of 20-11½ a New Drake Mark

I don't know how I did it (went over 1 foot farther than personal best). I didn't do anything different, I guess it was just the excitement of this meet.

Herman Vaughan -- anchor of Alabama 4 X 400 Relay -- WINNERS -- with time of 39.40

Two wins feels twice as good because it's my first time being here. I knew it would be a tough fight to the end. I was eight or nine yards behind when I got the baton.

# B'nai B'rith will induct 5 into 'Hall'

The B'nai B'rith Hall of Fame sports night will be held May 16, at Tifereth Israel Social Hall, 924 Polk Blvd.

Being inducted this year are Jim Bain of Waukee and Morton Graves, Bill Lapham, John Moffet and Joel Novak of Des Moines. A special service award will be presented to Paul Morrison, athletic business manager at Drake.

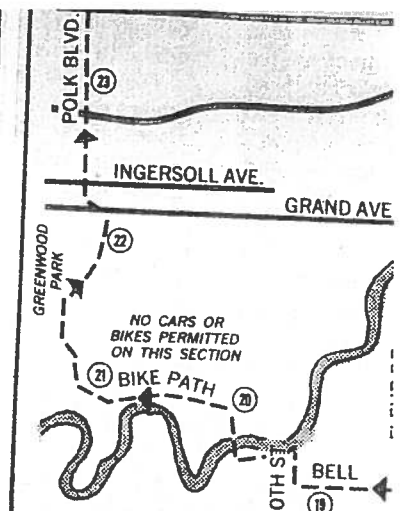

Bain, not to be confused with the basketball official who made a controversial call against Iowa last season, played basketball at East Des Moines from 1938-40. He played Amateur Athletic Union ball after World War II.

Graves is one of Iowa's all-time great boxers, having fought from 1933-48.

Lapham was an outstanding football lineman at Lincoln of Des Moines, the University of Iowa - he was all-Big Ten Conference - and for the Green Bay Packers.

Moffet attended old West High from 1923-27 and was a basketball and football star there. He also played basketball at Drake.

Novak, a Polk County district judge, played high school basketball at Rock Island, Ill., and was at Iowa from 1959-62.

Villanova for victory

PHILADELPHIA, PA. (AP) - Villanova, trying to make amends for a major disappointment, won three relays Saturday, North Carolina State captured a pair and Tennessee ran off with four more individual titles on the final day of the 88th annual Per Relays Track and Field Carnival.

Villanova, after winning the distance medley 16 consecutive years, was stunned by Georgetown Friday as the Hoyas snapped the meet's longest winning streak. The Wildcats came back Saturday to win the sprint medley, 6,000- and 3,200-meter relays. North Carolina State's quartet of Perry Williams, Alston Glenn, Dee Hoggard and Juan Nunez combined to win the 400- and 800-meter relays, the first championships ever won at the Penn event by the Wolfpack. Tennessee Triumphs Tennessee won the shuttle hurdle while Willie Gault captured the 110-meter hurdles, Mike Miller the 100 meters, Phillip Nielson the javelin and Rickey Pitman the 3,000-meter steeplechase Saturday. On Friday, Tennessee's Dave Patrick took the 400-meter hurdles.

Tennessee's shuttle hurdle team of Dave Siler, Jerome Wilson, Reggie Townsend and Gault set a meet record of 55.4 seconds. Arkansas won three individual championships before a crowd of 39,777, on a day when the temperatures rose close to 80 degrees and the athletes faced an insignificant wind. Three strong anchor legs triggered Villanova's relay victories. Villanova's John Hunter shook off the challenge of Auburn's Rog Jones with 200 meters to go. Villanova, the defending champ, won the 6,000 by 20 yards in a time of 15:02.8. Auburn's time in the 6,000 was 15:06.9; North Carolina finished in 15:10.1.

"You can't make up 16 years," said Villanova's Ross Donoghue, referring to Friday's distance medley disappointment. Donoghue ran the third leg for Villanova in the 6,000. "It's very hard to put something
