1994 Drake Relays, Drake University, Des Moines, Iowa Friday, April 29

CARL LEWIS, THURSDAY PRESS CONFERENCE QUOTES:

"Right now I am in good shape. Rest this winter allowed my back to heal. My main goal here is to run fast. Mike (Marsh) and Leroy (Burrell) have run good races already this season. I think I am ready to run fast."

"I am excited about running somewhere I have never run before. To me, the most important thing is to run in a nice facility, good weather - although I am not immune to weather because in Eastern Europe it gets a lot colder than here. I have heard Drake has a great crowd. I want to run the best race I can."

"The Houston team decided 1-0 among five guys to come to Drake rather than Penn. I am glad to be working with the Houston team - it worked out this year. They are a good group who are eager to learn and eager to win. We came here to take care of business. We want to qualify and run fast and this should be a good meet for all of us."

"For the last five or six years, I have been taking it one year at a time. I have no reason to rush it (my career). A lot of things have to happen between now and then (Olympics) for it to happen (perform in Atlanta). If things continue to go well, I'll be there."

"Where did the time go - things have gone so fast. You continue on and forget about it. I focus my attention on running. I like my 30s better than my 20s."

"Since 1990 I have had some of my best performances because I changed by diet at that time. I also maintain my level because I keep the number of meets I attend to 20 a year. By resting my body and spreading things out, it helps. At this stage in my career I do not have to prove anything. I am still running fast and I am optimistic about what I am doing."

"No mas. No more. I am not going back to Penn. They (Penn) think their meet is better than any in the world."

"I have two memories above the others. My first 100 meter Gold Medal at the Olympics was my biggest thrill because it was the only Olympics that both my parents were presents. Then the Barcelona (Olympic) games stands out. It was a big surprise (setting world record in 4x100 as anchor of USA team). I ran my game at the end."

NICOLA MARTIAL, NEBRASKA, WINNER WOMEN'S TRIPLE JUMP - 42-4

I've been consistently jumping 42-10 or better this year. This is my worst winning mark in over a year. It's better that I do it now and get it out of the way before nationals though. My goal now is to jump 43 feet and above for the rest of the year.

Last year I jumped terribly at Drake and didn't make it to the finals. I wasn't going to let that happen this year. I came in expecting a big challenge with the girl from Prairie View [defending champion Christine Gray] but she didn't show up. I still haven't met her in a meet this year.

OREGON, WINNER, UNIVERSITY-COLLEGE, 4x1600 RELAY, 16:19.93.

GORDON JOHNSON (ANCHOR): It was time to go (passing Iowa State runner). I didn't want to wait. A lot of credit has to go to these guys (teammates) who did a good job of putting me in position to win. We knew Iowa State had a long tradition in this event. We did not think we had the respect but we knew this race would not be a cakewalk for anyone.

I would rate our performance as a team as a B+. All of us have more times in us. The most important thing about this race was not to worry about the time. It is the competition - as long as we win, time doesn't matter. This was a nice win for us - the crowd was a lot more than we expected. We felt very at home here. I would recommend these Relays to anyone.

SCOTT NICHOLAS (LEAD-OFF): We planned coming into this race to try and position ourselves within 10 meters of the lead for Gordon. It was a thrill to run here and a lot of fun to be here. Taking the victory lap was great because the crowd made us feel at home.

CHRIS WYCOFF, AMES -- WINNER H.S. BOYS' 110-METER HURDLES

I was able to maintain my momentum and balance during the race and carry through. It means a lot to win at the Relays. I won state before, but now I finally got over the hump and won. The main thing I'm focusing on now is winning team state.

SCOTT ENGLISH, MOUNT PLEASANT -- WINNER H.S. BOYS' SHOT PUT, 57-9 1/2

I came into the meet knowing that I was ahead in the state. I really felt no pressure to win. This is a great stadium to throw in and I take great pride in winning the Drake Relays. I got third here last year. We had a lot of fans from Mount Pleasant here cheering for me and that helped. Once, when I was getting into the ring the announcer came on and said I was up. I just couldn't help but grin for the whole throw. My best throw came in the prelims. I just used the finals to go back to basics and work on my technique.

TASHIKA LEWIS, DES MOINES NORTH -- WINNER H.S. GIRLS' LONG JUMP, 18-11

I really haven't done a lot of long jumping this year. I have been working a lot on sprints. But yes I think I am capable of doing better. I feel that I can go 19 feet.

Today I felt my performance was good. I was a little down but after I talked to my dad and some friends, I felt better about it (not qualifying for 100 meters. They told me that this meet had some of the best athletes in Iowa and that I should not feel bad about my performance.

My number one goal in every event this year is to run well. At some of the bigger meets, I haven't always performed as I would like. I have to work hard to stay focused.

ALLISON DREWRY, JEFFERSON-SCRANTON -- WINNER 100-METER DASH, H.S. GIRLS

What helped me the most is I got a good start...confidence from there on out. I've had a lot more confidence in myself lately. In the preliminaries at Ankeny, I haven't run well. I didn't expect to run the 100 this year, but my times have come down. I had a bad time at state last year.

I didn't really see too many people on my side, I was just looking ahead. It's nice to have the middle lane, (earlier) it made me overly confident. I guess where I start doesn't matter much...it's where you finish.

TANYA HUGHES, ARIZONA -- 1992 OLYMPIAN AND THREE-TIME NCAA OUTDOOR CHAMPION

I wanted to compete this year. I had knee surgery Feb. 14 then jumped at the indoor nationals, and I probably shouldn't have. I don't want to rush because my goal is four NCAA's. I warmed up today, but it hurt when I jumped. When I came out today and saw the sun out I said "Lord, this must be a sign." But it just didn't work out today.

RANDY THOMPSON, CWL (CORWITH) -- WINNER BOYS' H.S. 100-METER DASH

They had me at the beginning, but I knew that if I could stay half a step behind I'd finish first. I thought at first it was hard running against bigger schools, but experience at the Drake Relays really helps. The crowd is really supportive. I try to focus, but when I hear the roar of my family, that gives me extra acceleration.

CORISSA YASEN, PURDUE -- WINNER WOMEN'S HIGH JUMP, 6-1/2

I came here wanting to do well, but when J.C. (Broughton) went out at 5-9, I lost a lot of adrenaline. I'm happy I cleared six feet, though. It's prestigious to have a Drake win.

KEN POPEJOY, WHEATON, ILL., -- WINNER MEN'S MASTERS 800-METER RUN

Today is the end of a 30-year career for me. I've been coming to the Drake Relays for the last 25 years with just a couple of misses. The Drake Relays Masters 800 has been such a special race for me. Really, nothing compares to this. I was running around after the race and people were yelling "Popejoy, Popejoy, Popejoy!" Imagine that, for a masters competitor! It's like the Drake Relays are one of my oldest and best friends. I'll miss this race very much.

I always wanted to get a Drake Relays medal. I won four watches and have a baton trophy in my office from college here, but no medals. My father anchored the winning Purdue distance medley here 60 years ago and he got a medal. I found it in our attic when I was in high school and I've always cherished it.

I'm retiring so I can spend more time with my children. My fourth child was born two months ago. Last year I was travelling 39 weekends to compete and my law practice also keeps me busy. Now I can focus on the family.

DUBUQUE SENIOR, WINNER -- H.S. BOYS' 4'X 800 METER RELAY

Manuel Cayro, (2nd leg): I was a little tired from the relay, but in the second lap I gave what I had left. Winning is like a dream, it is a nice surprise. You have to do it for the team, not just yourself. You have to have faith in each other, and the confidence in each other.

It is bigger than state. After winning state last year we didn't think we'd have it in us. It really makes you run harder, it's a lot different than running in front of a normal crowd. It's nice to finish off our senior year.

Sam Krieg, (anchor): I couldn't give up the lead. I'd done it before. I thought he'd (Jason Frahm, Iowa City High) lose his concentration, sooner or later.

OKLAHOMA BAPTIST, WINNER -- MEN'S COLLEGE DIVISION 4 X 800-METER RELAY

Tori Holcomb, (3rd leg): The last 250 we knew we had it under control. All we had to was get it to Dudley (Dawkins). If the first two legs could kick it, the last leg would bring it home.

Dudley Dawkins, (anchor): He (Tom Dow, Augustana-SD) was finishing very good. But I had something to hold him off.

Jeremy Hughey, (2nd leg): (on the Drake Relays crowd) We were excited all the way around, I think that was a big part of it.

EASTERN MICHIGAN, WINNER -- MEN'S UNIVERSITY DIVISION, 4 X 800-METER RELAY

Tommy Asinga, anchor: This was especially a good effort because our second and third runners were coming back on a double (after running the 4 x 1600). Greg Rhymer's effort was the best because he had just run a mile and he threw up after the race.

This is the third time in a row we have won at Drake. This team has never gotten beat here. I think I went out too fast; the reason is to make a big gap. Most guys know I run a fast 800. I know if I run with somebody real good, I will really try hard. I think if we run this fast, no one can run with us. But when you run a double, you have to just try and do the best you can.

This is a special win because this is the last time we will run as a team. I am graduating this year. I have enjoyed running here and hope to come back again.

WISCONSIN -- WINNER WOMEN'S DISTANCE MEDLEY RELAY IN 11:07.54 -- DRAKE RELAYS RECORD

Amy Wickus (Anchor): Yes, I have confidence in the new people on this team when they give it to me in the lead. With the lead it is hard for me to run. I was happy to hold it today. But I think I went out too fast today, but my coach was telling me to go faster.

We did not do as well indoors as we would have liked. So this was a good race for us. We were a little frightened about Alabama but their 400 meter runner looked like she tightened up. They did not run as well as we thought they might.

We have a fairly young team and we are coming back strong. This will be our last meet before conference and will allow us to see where we are at.

ERIC STRIM, SIOUX CITY WEST -- WINNER H.S. BOYS' 400 HURDLES

Unless I explode off my left leg, I'm okay. (in reference to his recent left hamstring injury).

ERICA PETERSON, NOTRE DAME -- WINNER WOMEN'S 400-METER LOW HURDLES

Everybody says I shouldn't feel it (the cold) weather because I'm from Alberta. I love running at Drake. I can almost float along with the crowd. This is one of the few meets with this many fans.

JOEY WOODY, NORTHERN IOWA, WINNER -- MEN'S 400-METER HURDLES

I wanted to come back and win after winning here in high school. I wanted to show that I was still with it. I showed that Iowa boys are still tough. That's why I love running in front of the hometown crowd.

HOLLIE HYCHE, INDIANA STATE -- WINNER WOMEN'S SPECIAL 100-METER DASH

I'm really looking forward to running against Gwen (Torrence) because I never have before.

OLYMPIC GOLD MEDALIST MIKE CONLEY, FOOTLOCKER TRACK CLUB, COMPETITOR IN LONG JUMP

I'm not used to the weather. You never get used to the weather, but it wasn't a factor as far as what I did today.

TEXAS EL-PASO -- WINNER MEN'S UNIV. 4 X 200 RELAY IN DRAKE RELAYS RECORD
1:20.53

ANDREW TYNES, ANCHOR: The national collegiate record was our original goal. It was our first time running together, so who knows? If we keep running together, we could get that record.

OBADELE THOMPSON, FIRST LEG: Under the weather conditions we had to run in I think I did pretty good.

HAYDEN STEPHEN, THIRD LEG: Since it was our first time running together, our times can only get better.

CELENA MONDIE-MILNER, UNATTACHED -- 4TH IN WOMEN'S SPEC. 100-METER DASH

I'm glad to be back at the Drake Relays. This is a good place to start my season off. The introductions were wonderful and as usual the crowd was phenomenal.

SIOUX CITY WEST -- WINNER H.S. BOYS' 4 X 200-METER RELAY

Justin Ball (Anchor): After I got the baton I forgot all about it (Iowa City's Tim Dwight, catching up). I knew they were giving me a big lead. The crowd helped me a lot. With all the screaming, it made me run harder.

Zeron Flemister (2nd leg): The crowd made me more hyped, made everybody more hyped.

Willie Akens (1st leg): I finally had a good start today. I got the handoff and lead, that got us a victory.

BECKY RIGEL, CEDAR RAPIDS PRAIRIE -- WINNER H.S. GIRLS' 800-METER RUN IN
2:15.75

My strategy was to just stay behind the leader. I wasn't that tired really till afterwards. I didn't know who was behind so I kept going. I was really nervous. I didn't really talk to anybody before the race. There were people yelling my name. It really helped me a lot.

BRIAN THOMAS, ALABAMA -- WINNER MEN'S U/C DIV. LONG JUMP AT 26-5

(His technique is to have the crowd clap as he prepare for his approach): It really helps. I have a unique gift from God, the power of communication. I do it for the children. They really need a positive role model. This is my second year at Drake. Penn is too chaotic. Drake is more of a family atmosphere. That shuttle relay (for elementary students) is the lifeline of track and field in the United States. I'll be glad to defend my title next year. I trained hard for the week and I'm glad I had success.

BILLY PAYNE, NIKE, SECOND PLACE, MEN'S SPECIAL INVITATIONAL POLE VAULT

It was good competition today. We (Payne and Huffman) have gone against each other alot.

I really liked the new pits, they were great...awesome.

The crowd is awesome and is one of the reasons that I come to Drake. I wished I could have jumped 19 feet but I was kind of flat. On the jumps at 19, I was reaching at the box and I didn't have a good takeoff.

As for the future, I will keep training and going to the U.S. outdoors and try and make the Goodwill team. And, I'll be back next year, I really enjoy coming here - the competition is great.

SCOTT HUFFMAN, FOOTLOCKER, WINNER, MEN'S SPECIAL INVIT. POLE VAULT
(NEW DRAKE RELAYS RECORD 18-10 1/4)

It is an honor to be included in the Drake Relays Hall of Fame, especially when I look at the people who are in there. I am probably not worthy of such an honor but I will take it.

I was happy that our coaches were really working on our conditioning but when we make a lot of rapid jumps I think I have an advantage. I knew I was capable of a new record but with the cold weather I didn't know if I would do it. But for some reason, no matter what the weather is, I do well. The crowd always energizes you.

SUMMER JOHNSON, INDIANOLA -- WINNER H.S. GIRLS 3,000-METER RUN IN DRAKE RELAYS
RECORD - 10:15.19

I was shooting for the record. An old rival (Kirsten Pauling of DM Lincoln) of mine had the record but I couldn't get it last year. I was going for 10:20 so I was real happy with what I got.

When I race I like to take off fast and maintain a pace even if someone gets in front of me, I know I can win if I keep my pace.

I was diagnosed with a lung disease in the fall that made my lungs close up when it got cold so I had to take an inhaler to keep my lungs open.

CRAIG KIRKWOOD, OKLAHOMA -- WINNER, 10,000-METER INVITATIONAL

It's a good meet, it's nice to have the crowd behind you clapping and encouraging, it's really helpful. I'll be here next year for sure, we always send a team up. I'd like to try winning again, and go a lot faster.

This is my best time in the 10,000. I'm in a lot better shape, I've been training harder. Last year, I was too eager, out of control. Today, I was trying to qualify for nationals, and I started out slowly.

LIZ SCANLON, OKLAHOMA -- WINNER, 10,000-METER INVITATIONAL

The wind coming from the North was cool, which was better than being hot, I guess. I wanted to coast strong and make it easy as possible so I could win.
