

As records were smashed in every running race and two of the six field events, the Washington College track team captured the Mason-Dixon Track Conference championship last night at Homewood, scoring 48½ points. Nearly half of these points were made by Gibby Young, who won three events, tied for first place in another and finished fourth in still another for a total of 21½. The point scorers:

Washington .....	48½
Catholic U.....	37½
Delaware .....	36½
Johns Hopkins .....	35½
Gallaudet .....	22½
Western Maryland....	17½
American U.....	10

Young helped the record-shattering by beating the previous conference time in both dashes and both hurdles. He ran the 100 in .10 flat and the 220 in 22.2 on a track that was made a little heavy by the afternoon showers. Three of these records were established by the Washington College junior last year, and for the fourth, in the 220-yard low hurdles, he defeated O'Neil, of Johns Hopkins, who had won the event in 1936.

#### Pole Vault Takes Time

The meet was run off speedily with the exception of the pole vault, which dragged for nearly three-quarters of an hour after everything else had been concluded. But this event had a definite bearing on the team standing, since prior to it John Hopkins was in second place. After Gottfredi and Snow, of Catholic University, earned first and second points, and Hammel, of Delaware, finished third, both passed the Jays. Catholic finished second, Delaware third and Hopkins fourth, with one point separating each.

There was much interest in the two-mile run. In a dual meet, Driscoll, of Johns Hopkins, had beaten MacMahon, of Washington. Driscoll was permitted to take the lead for six of the eight laps, but MacMahon passed him on the start of the seventh, and won by at least fifty yards. His time was remarkably fast, clipping 20 full seconds from the old record. The new mark is 10 minutes 4.2 seconds.

#### Graziano Takes Javelin

Ted Graziano, Johns Hopkins captain, won the javelin throw, although he did not take part in the finals on the evening program, having strained a muscle while broad jumping. His trial mark of 167 feet 4 inches not only stood against all attacks on the final heaves, but established a new meet record.

The results: C. E. T.
