## SWARTHMORE MEN WIN MIDDLE ATLANTICS

Roy Mercer's Pupils Garner Together 41 Points in Annexing First Honors in Big Meet; Haverford Second, Maroon Third

## BY RIG

NE record was shattered and brilliant times were recorded as the Garnet clad athletes of Swarthmore College ran off with the premier honors in the thirteenth annual Middle Atlantic States C. A. track and field championships, yesterday, on the Haverford College field. Roy Mercer's pupils emerged victorious with a total point score of 41.

Following on the footsteps of the Garnet was her traditional rival, Haverford, who garnered together 30 points in winning second honors. Then came Lafayette, the Maroon turning in a score of 27.

To Art Baker, versatile Swarthmore athlete, goes the honor of breaking the only record of the day. The stalwart son of the Garnet made a heave of 136 feet 101/s inches in the discus event which surpassed the mark he had made in the qualifying heats on Friday. On the opening day he eclipsed Charley West's mark of 130 feet 5 inches, made last year at Delaware.

Baker's throw was, without a doubt. the outstanding feature of the day."Twas a remarkable throw that the Swarthmore boy made, and it will long be remembered by those who looked on.

## Garnet Team Strong

While Baker performed in uncanny style, the entire Swarthmore team displayed wonderful form. The Garnet scored in all but three events, cleaning up in brilliant order in the two-mile, discus throw, one-mile and the "880." She also showed exceptional good form in the high hurdles, in which event Swarthmore tallied four points.

Dopsters had been predicting a clean sweep in this event for Haverford, but Lowry, the Red and Black ace, fell over the eighth hurdle after he had been leading from the start. This was a severe blow to Haverford, as Lowry had been counted on for a first, which meant five points.

That Haverford failed utterly in the meet is shown by a glance at the statistics. Had it not been for the great work of the Red and Black javelin throwers. Montgomery. Pitter and Price, Al Haddleton's proteges would have finished down in the rut, which means fifth or sixth. All totaled, this trio scored ten points for their cause.

The Red and Black could not place a single man in the 100, 220, 440 or 880-yard dashes. On the other hand, Swarthmore collected seven points in these events.

Lafayette surprised somewhat in carrying off third honors. The Maroon displayed a well-balanced team, and placed men in every event but six.

The times in the 100, 220, 440 and 880 were, as stated before, exceptionally fast, while keen battles took place for the majority of firsts in the field events.

## Hazel Wins Shot

Homer Hazel, giant of the gridiron, who carried the Scarlet of Rutgers to many a brilliant victory, proved his versatility when he snatched added honors for his Alma Mater in the 16-pound shot.

Hazel, who won a place on the late Walter Camp's "All-American" team, flung the shot 40 feet 9% inches, which was good enonugh to top all others, although it was some four feet shy of the record.

New Wilcox, of Swarthmore, swept into second place, while Beck, of Gettysbug, was third, and Carter, of Dickinson, fourth. Doug Crate, of Lafayette, earned a point for the Maroon by finishing fifth.

Although Hazel won, his throw proved anything but sensational. He was one or the first to start heaving and when he finished his work many thought that either Crate of Wilcox two of the outstanding favorites, would surpass his efforts.

However, neither proved equal to the task, finishing several hundred feet behind where the Rutger's star's heave landed.

Hugh Montgomery, of Haverford, who made a new record in the qualifying heats of the javelin on Friday, did not have to throw in the finals, and his old mark.

The Summaries
